## New this Fall

**Discovery Club** – a social and life skills program for children ages 5 to 12 with Autism or Cognitive Disabilities. Designed for children with limited language skills, this program will assist participants in learning basic life and social skills to thrive among their peers, family members, and as a contributing member within their communities.

**The Edge** – a study skills program for students with ADHD, Autism Spectrum Disorders or Learning Disabilities. This program is designed to help students with anxiety related to school-based expectations. Students will be taught strategies to effectively study for tests and quizzes, organize notes and homework, write extended responses and essays, and comprehend material that is important. For students ages 10 to 18.

**Private Tutoring** – for students with ADHD, Autism Spectrum Disorders, Learning Disabilities or other Neurologic Diagnosis. Direct instruction in subject matter K-12 and specialized tutoring options such as IEP

recommendations, development of student performance contract / charting system, direct collaboration done between student's teacher(s) and private tutor.

These programs are all facilitated by Beth Lattime, licensed teacher and intervention specialist with particular expertise in English/Reading intervention.

For information on pricing and availability please visit our website at [www.kidslinkohio.com](http://www.kidslinkohio.com) or contact our office at 330.963.8600.
