## Executive Functioning Coaching With Allison Kaas

Removing the stress and management of learning from families!

- \*Executive function and organizational support
- \*Weekly project and assignment planning
- \*Homework and assignment accountability
- \*Coursework assistance

Allison is a certified teacher with over 15 years of experience working with children with attention and learning differences in public and private school settings. She believes all children possess unique talents and gifts and works in partnership with them to discover their individual pathways to success.
