KidsLink Neurobehavioral Center is a collaborative, multidisciplinary practice dedicated to serving children and adolescents with autism spectrum disorder, developmental disabilities, and complex behavioral needs. Our center offers highly individualized services in a supportive, team-based environment. We are seeking a part-time Speech-Language Pathologist to join our growing team of professionals who are passionate about improving the lives of neurodiverse learners.

Position Summary:

The part-time SLP will provide direct therapy services, conduct evaluations, and collaborate with other professionals to support communication development for students with autism and behavioral disorders. This is a dynamic opportunity for an experienced or early-career clinician to make a meaningful impact in a highly specialized clinical and educational setting.

Key Responsibilities:

- Conduct speech-language evaluations and develop individualized treatment plans
- Provide direct speech-language therapy for students with a wide range of communication needs
- Collaborate with an interdisciplinary team including BCBAs, psychologists, OTs, and educators
- Support the development of functional communication systems, including AAC
- Collect data, monitor progress, and adjust intervention plans as needed
- Engage with families and caregivers to support carryover and generalization of skills

Qualifications:

- Master's degree in Speech-Language Pathology from an accredited program
- Ohio licensure (or eligibility) as a Speech-Language Pathologist
- ASHA Certificate of Clinical Competence (CCC-SLP) preferred; strong CFs may be considered
- Experience with autism and/or behavioral disorders strongly preferred
- Knowledge of AAC and alternative communication strategies a plus
- Strong interpersonal and team collaboration skills

Schedule & Compensation:

- Part-time, flexible hours
- Competitive hourly rate based on experience
- Opportunities for growth, professional development, and interdisciplinary training

Why Join KidsLink:

- Work within a supportive, expert team of clinicians
- Access to state-of-the-art resources and treatment tools
- Opportunity to make a meaningful difference in the lives of children and families
- Culture that values compassion, innovation, and collaboration
