Description: For Teens & Pre-Teens Middle School age:

- diagnosed with Asperger's Disorder or High Functioning Autism, ADHD, or Social Anxiety
- designed to improve friendship behaviors and social skills
- designed to provide support for Teens & Pre-Teens who may be isolated from peers
- designed to promote self-esteem through success experiences
- designed to help improve the ability to act positively and effectively with others
- designed to have a maximum of 8 per group
- developed and directed by Michelle DePolo, Psy.D., BCBA-A, Pediatric Psychologist
- facilitated by Rachel Pasquerilla, Ed.S., BCBA and Lindsey Tornow, Ed.S., BCBA

How

The program promotes social development, friendship skills, and self-esteem in two formats:

- **Center-Based-(7 groups)** provides direct and indirect instruction about targeted social behaviors, coping, problem solving and emotions through formal and informal group discussions and activities
- **Community-Based-(3 groups)** provides opportunities ("incidental teaching moments") for Teens to practice their skills in community settings such as bowling, laser tag, restaurants
- Treatment goals are specifically tailored to meet the needs of the group. Targeted skills and topics include:

making/keeping friends	conversational manners	reducing social anxiety
resilience from depression	non-verbal communication	responding to teasing
two-way conversation	sportsmanship/losing	staying on topic
building self-esteem	understanding social cues	problem solving
